BY FLORIDA MITIGATION GROUP

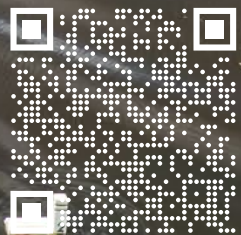

After The Storm: Damage + Action Plan

LET BUILDEASE RESTORE WITH CLARITY, SPEED & STRENGTH

Build Ease
METHOD™

STEP 1: STAY SAFE + SECURE YOUR SPACE

- ✓ Wait for official clearance before re-entering your home.
- ✓ Be alert for downed lines, gas leaks, mold, or structural hazards.
- ✓ Turn off power if water is present inside.

Your safety comes first—BuildEase will only enter when it's safe to assess and act.

STEP 2: DOCUMENT DAMAGE — BEFORE MOVING OR TOUCHING ANYTHING

- ✓ Take photos and videos of all affected areas — both wide shots and close-ups.
- ✓ Capture damage to:
 - Roof, ceilings, walls, floors
 - Windows, doors, appliances
 - Landscape, fences, and exterior structures
- ✓ Be sure all media is timestamped.

Use your phone—BuildEase will collect, organize, and back up all media for your insurance claim.

STEP 3: CONTACT BUILDEASE FAST

- ✓ Reach out to BuildEase immediately after the storm passes.
- ✓ Our team will activate your Post-Storm Response Plan and dispatch professionals to your property.
- ✓ We prioritize your protection—not someone else's bottom line.

Acting within 24–48 hours prevents secondary damage and preserves your claim rights.

STEP 4: SECOND DAMAGE ASSESSMENT

- ✓ We'll return to inspect your home, focusing on flagged critical areas identified in your pre-storm inspection.
- ✓ Our team will evaluate and confirm the full scope of damage.
- ✓ You'll receive a detailed report, backed by new documentation.

This second inspection is key for building your case.

STEP 5: PREVENT FURTHER DAMAGE

- ✓ We'll deploy emergency crews for:
 - Tarping, boarding, and weatherproofing
 - Water extraction and mold prevention
- ✓ Don't discard damaged items before documenting them.

These actions protect your claim and your property value

STEP 6: BUILD YOUR CLAIM STRATEGY

- ✓ BuildEase will:
 - Organize photos, videos, and formal reports
 - Create a clear repair estimate
- ✓ We can recommend you a team of experts to advocate on your behalf

We speak solution fluently—so you don't have to.

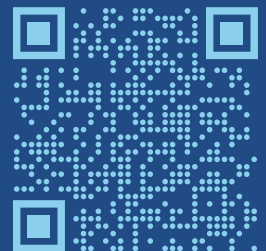

STEP 7: REBUILD WITH BUILDEASE

- ✓ Once your claim is in motion, our trusted team takes over:
 - Roof, structural, and interior repairs
 - Tips and suggestions to consider for similar scenarios in the future
- ✓ We handle everything—permits, schedules, and quality control.

One team. One plan. Your peace of mind.
